

First Aid International

Emergency First Aid at Work

The Emergency First Aid at Work course is designed to meet the requirement of organisations whose first aid needs assessment as determined that their organisation require EMERGENCY FIRST AID AT WORK trained employees. The course content meets the statutory requirements of the Health & Safety (First Aid) Regulations 1981.

This course will provide all the required first aid skills necessary to manage a patient that is not breathing normally, is unconscious, bleeding or is ill or injured prior to the arrival of the emergency services.

Learning Style:

Each section of the book will guide you step by step through each of the essential skills required to be a competent first aider. Through the process of seeing hearing and doing you will learn how to provide first aid in an emergency both safely and effectively. As you complete each skill you will develop the skills, knowledge, techniques and confidence to respond in an emergency.

Certification:

Certificates are issued by First Aid International using our Centre Management Information System (CMIS). CMIS provides a quick efficient service to all our clients.
